## What Articles about the **Mortgage** Industry are You Talking About?

Let's say that you are looking for information on the internet about problems, lawsuits & complaints about or against certain **mortgage** lenders. Where would you begin to look for said information? You could start by doing a search for **mortgage** articles, such as this one.

There is indeed a great of information available on the internet about **mortgage** companies, mortgage banks, as well as articles about the problems that homeowners & consumers have had with banks, lenders & mortgage companies alike. In the next section, website names & internet addresses will be listed for articles that can be found, that might be of interest to the consumer. If you have the time to search, you'll find over 1,000,000,000 entries under mortgage articles. There are many duplications in the listings however.
